About us

Livewire Special Events is a leading event management company specialising in providing event management services across the U.K.

Whatever the event, wherever the location, Livewire Special Events has an unparalleled ability to provide a complete event management service, including mobile bars, event control and theatrical services.

Exhibition services

We can provide a complete exhibition project management service, from the initial brief, through to the stand design and build, creation of signage, transportation and installation at the exhibition location. We will create your exhibition requirements, such as graphics, flooring, fittings and furnishings, lighting, audio-visual and displays units, plus, if required, staff to man the stand during the exhibition event.

To support our traditional exhibition stand activities we also offer a full service to shell scheme users. We have a wealth of experience in maximizing space utilisation whilst creating unique environments for our clients.

Our objective is to provide an excellent service. We aim to help our clients achieve their full design potential and to tailor a stand to suit their company image and budget. The key to our success is our positive attitude and determination.

We provide a quality service from the initial design through to final construction.

Event Services

Traffic Control

Together with all the relevant authorities livewire will develop traffic flow systems to keep disruption to a minimum. Fully trained, uniformed operatives will then ensure vehicles are parked in an safe and orderly manner.

We are now able to offer full packages including event signage and external traffic management.

Stewarding

Livewire can provide safety stewarding services in line with legal obligations. All our stewards are trained, and uniformed for public safety. We can also provide entry and exit stewards in order to allow safe and efficient public movement.

Theatrical services

Lighting & Sound Hire

From a school play to a full stage concert rig, we can provide quality lighting & sound hire for your event. As we have a wide range of lighting & sound equipment we can customise our systems to suit your individual requirements, be it a fashion show, stage production, band performance, disco or corporate event.

To view our current hire list please visit <http://www.livewirehire.co.uk/>

Lighting & Sound Sales

Whilst hiring a PA or lighting system may be useful for a one off event, you may require a more permanent solution. This could be a few simple spot lights and a basic sound system in a school hall or a full night club sound and lighting system. Our experienced team will guide you through the options, and find the most cost effective system to meet your needs.

Please follow the link to our sales site to see current prices and special offers.

Bar Services

Service

We supply mobile bars for any type of event. Our bars are fully installed and manned by our experienced bar team who are smartly presented to suit your event.

When you are planning your wedding or event, you want to be able to ensure that everything goes to plan and runs smoothly. Livewire will help you achieve this goal. Whatever your celebration or event, whatever its size large or small, Livewire has the expertise to help you ensure your guests have a memorable time.

Products

We offer a large range of products, including a range of draught beers, fine wines, spirits, bottled beers, and soft drinks. We specialise in champagne receptions, offering a vast selection of quality champagnes and sparkling wines at prices to suit all budgets.
